Notice of Rate Increase

Effective July 01, 2024

Effective July 1, 2024, there will be a water, sewer, and sanitation rate increase. This increase will be reflected in the August 2024 bill. The increase in your monthly bill will vary depending on the amount of water used. Listed below are the new water, sewer, and sanitation rates for customers. For more comprehensive list, please visit our website at www.mcdonoughga.org

Monthly charges to City of McDonough customers for water and sewer generally consist of:

1. A monthly base charge, calculated according to the size of a customer's standard residential or commercial water meter.
2. A volume charge applied to the monthly water consumption.

Note: The water and sewer rates increase for household consumption that exceeds 6,000 gallons per month, with yet another volumetric charge applicable for consumption that exceeds 10,000 gallons. In part, these tiered rates offer financial incentives for water conservation. However, regardless of your monthly total consumption, we encourage all our customers to check for household leaks periodically and to use water wisely, indoors, and outdoors, always. Tips on how to read your meter and detect leaks at your property are available on the City of McDonough web site.

RESIDENTIAL CUSTOMERS – Per Month Plus Volumetric Charges (Per 1,000 Gallons)

	<u>Water Service</u>	<u>Sewer</u>	<u>Irrigation</u>	<u>Sanitation</u>
